

SAUL HERTZ, M.D.
270 COMMONWEALTH AVENUE
BOSTON 15, MASS.

March 31, 1949

To The Members of the Staff of the Beth Israel Hospital:

The above copy of a letter received by me this date is posted for your information. If you agree that Dr. Saul Hertz should have this type of treatment, please make a cross on this paper. Ofcourse your signature would entail dismissal from the hospital, but it is desired to have some expression of opinion of the Staff concerning this action of the Board of Trustees by advice of the Executive Committee of the Beth Israel Hospital.

Dr. Hertz has had no hearing with regard to any charges against him and desires such a hearing, if this summary action of the Board of Trustees is to be carried out.
